## Flea & Tick Collar

Stays Active For Up to 6 Months

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL BEFORE EACH USE • USE ONLY ON DOGS 12 WEEKS AND OLDER**

**DIRECTIONS:** Do not open package until ready to use. Dust forms on collar during storage. Do not get dust in mouth or eyes. Remove collar from package and stretch to full length. The tabs that held the collar in place will fall off when stretching; pull on any remaining tabs to remove them. Wipe collar with a damp paper towel or disposable cloth prior to applying, to remove dust on collar. Place collar around dog's neck; adjust for fit by sliding the collar through the buckle and restraining loops. Cut off and dispose of any excess length by wrapping in newspaper and placing in trash. Wash hands after placing collar on dog. The collar must be worn loosely to allow for growth of the dog and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over the dog's head. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Water does not affect the collar's effectiveness or the pet's protection. If the dog goes swimming or is out in the rain, it is not necessary to remove the collar. Absorbine UltraShield Flea & Tick Collar may be used in addition to a lead or constraint collar. Use only one Absorbine UltraShield Flea & Tick Collar at a time. Collar should be worn continuously. Apply a new collar every 6 months.

**STORAGE AND DISPOSAL**

**Pesticide Storage:** Store this product in a cool, dry place away from children and pets.

**Pesticide Disposal and Container Handling:** Do not reuse container or used collar. Dispose of in trash.

**FIRST AID**

|                               |  |

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product or information regarding human or animal medical emergencies call 1-800-628-9653. Call 1-800-628-9653 for additional product information.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

**USE RESTRICTIONS**

Do not open package containing collar until ready to use. Do not use on puppies under 12 weeks. Do not use on cats. Consult a veterinarian before using this product on debilitated, aged, pregnant, medicated, or nursing animals. Sensitivities may occur after using ANY pesticide products for pets. If signs of sensitivity occur, remove collar and bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**Absorbine UltraShield Flea & Tick Collar** provides full season, up to 6 months protection against fleas and ticks. Use Absorbine UltraShield Flea & Tick Collar year round for optimum control. Replace every 6 months or sooner if needed.
